

Complement in Renal Diseases

Symposium Organized by the COMBAT consortium

Date 25 april 2019
Location: Houtzaagmolen de Ster, Utrecht

Program:

- 09.30 – **WELCOME** with Cofee
- 10.00 **Cees van Kooten** (LUMC, Leiden)
Introduction to the consortium and symposium
- 10.10 **Lubka Roumenina** (Centre de Recherche des Cordeliers, INSERM UMRS 1138, Paris, France)
Mechanisms of complement activation during intravascular hemolysis: implication for sickle cell disease and atypical hemolytic uremic syndrome
- 10.55 **Ramon van den Bos** (UU, Utrecht)
Regulation of the alternative pathway of complement activation
- 11.25 **Kioa Wijnsma** (Radboudumc, Nijmegen)
Dutch initiative to improve therapy and economize healthcare in aHUS
- 12.00 **LUNCH**
- 13.00 **Miriam Galbusera** (Mario Negri Institute for Pharmacological Research, Bergamo, Italy)
Complement deposition on endothelial cells for aHUS diagnosis and monitoring
- 13.45 **Pieter van Paassen** (Mumc, Maastricht)
Endothelial based complement assay in hypertensive nephropathy
- 14.15 **Marloes Michels** (Radboudumc, Nijmegen)
An update on convertase-stabilizing (nephritic) factors in C3 glomerulopathy
- 14.45 **COFFEE / TEA**

- 15.15 **Stefan Berger** (UMCG, Groningen)
Complement activation as a biomarker in transplantation

- 15.45 **Mieke van Essen** (LUMC, Leiden)
Role for local complement production and activation in T cell alloreactivity

- 16.15 **Felix Poppelaars** (UMCG, Groningen)
The Complement System in Dialysis: A Forgotten Story?

- 16.45 **CLOSURE**

The symposium is financially supported by the Dutch Kidney Foundation, and entrance to the symposium is **for free**. (max 50 participants)

For organizational purposes, participants are kindly requested to **register** through the following link [\[Eventbrite Registration\]](#)
