

ESOT Congress 2021 Abstract Submission OPEN!

The ESOT Congress is the leading European meeting for the transplant community to share their expertise and latest research. For this 20th anniversary meeting, we warmly welcome abstract submissions from: Clinicians, Scientists, Researchers, Nurses and Allied Health Professionals.

SUBMISSION DEADLINE: 22 FEBRUARY 2021

Note: there will be NO extended deadline

The following submission types are open:

REGULAR ABSTRACTS	CLINICAL CASE	PRELIMINARY RESEARCH FOR LATE-BREAKER
Accepting submissions for complete research with conclusive data	Accepting novel and original cases from real-life clinical practice	Accepting preliminary research with non-conclusive data available before 22 February. NOTE: only authors who submit preliminary research and successfully pass reviewing will be able to submit full abstract in within late-breaking deadline

The ESOT Congress 2021 has introduced a number of innovations to the abstract submission process, expanded abstract formats to allow presentation of variety of research and strived to make sure all members of our transversal community can equally use our Congress as platform to share their expertise and work.

- There are **new categories** added to the portfolio in which we will focus directly on patient care, self-management and nursing
- For the first time we welcome **clinical cases** to open discussion on the most unusual clinical cases from daily practice that will be discussed with peers and seniors in multidisciplinary setting
- We support young investigators therefore a number of **bursaries** is planned for best submitters of 35 years old or younger.
- 8 outstanding abstracts will be shortlisted for **ESOT Leonardo Da Vinci Transplant Research Innovation Award** revealing 2 winners (one for clinical research and one for basic science) at the closing plenary of the ESOT Congress 2021
